Please Oppose a 28 Story Tower on Vernon Boulevard.

We, the undersigned, OPPOSE the BSA Application for the Paragon Paint Building, 45-40 Vernon Boulevard, Long Island City, NY (Calendar Number: 233-15-BZ).

We believe that (i) the scale of project is entirely inappropriate for the surrounding neighborhood; (ii) the project will have a detrimental affect on the character of the existing neighborhood; (iii) a development of this size will compound the infrastructure problems we have been experiencing due to the explosive growth of our neighborhood; and (iv) a variance would amount to "spot zoning" that should be avoided until a comprehensive and thoughtful plan for the entire neighborhood can be considered through the appropriate political process.
